

Thomas Coughlin

Candidate for IEEE-USA President

My Goals:

- Membership
- Participation
- Efficiency
- Representation
- Fun!

BIOGRAPHY:

Tom Coughlin, President, Coughlin Associates is a widely respected digital storage analyst, business and technology consultant. For over 35 years he has been consulting in this industry, run conferences and written about digital storage and it's applications.

He is active with several professional organizations including SMPTE, SNIA and IEEE. Tom is currently VP of Professional Activities for IEEE-USA, Chair of the Public Visibility Committee, member of the New Initiatives Committee, past Director for Region 6, Past Chair of the Region 6 Central Area and Past Chair of the Santa Clara Valley Section. Tom is also active in the Technical Activities Future Directions Committee and is Chair of the IEEE Consumer Electronics Society Future Directions Committee where he was also VP of Operations and Planning. He was chair of the 2011 Sections Congress in San Francisco and has been a leader in many IEEE volunteer activities over the years.

My IEEE USA Objectives

- **Work to create a top level membership experience and increase membership in IEEE-USA**
- **Increase participation in professional activities, STEM and career development**
- **Create a more efficient and cost effective IEEE-USA**
- **Increase IEEE connections with industry**
- **Represent the interests of our members to the government**
- **Have fun!**

Vote for Tom Coughlin to be President of IEEE-USA!
